

Alliance Française Dublin

The Director

Date: 20 March 2017

We decided to completely renovate and modernise our French Library last year. We used the services of Floor.ie to put down the floor of the Library, the adjacent Children's Activity room and the corridor leading to the Mediatheque.

We were delighted with the results, so much so that we contracted Floor.ie to change the floor covering in three other classrooms.

Over the Christmas period Vincent and his team also put down a new floor in our newly renovated Reception area with the minimum of disruption.

We have recently contracted Floor.ie to change the lino in our classroom on the ground floor. Vincent has arranged to do this work during the Easter holidays.

Working with Vincent and his staff is easy, he is both professional and accommodating. We are delighted to recommend his services.

Kind Regards

Philippe Milloux
